SAYS IT IS A BETRAYAL.

By Associated Press.
Washington, June 28.—This was a day of bitter arraignment for the Canadian reciprocity bill in the senate. Beginning with Cummings' attack on the measure as legislation unjust to the agricultural interests and concluding with Borah's denunciation of the bill as a Republican betrayal of the farming interests, the debate was all antagonistic. There were criticisms of the president and his methods. Cummings attacked him not only for his construction of the bill, which he said would put the whole burden of free trade upon the farmer without giving him any benefits in the guise of a reduction of duty on manufactured products, but he criticized the power exercised by the president in negotiating it so as to bring it to a point of definite agreement between the two countries.

In doing this Cummings said the president had usurped the power of congress and extended the power lodged in him to deal with foreign nations upon revenue matters. He said if there should be a reciprocity agreement with Canada, the original proposal should have come before congress instead of through presidential advances which brought the agreement to the point where congress was assured it could not be changed or amended.

Borah's criticism was based on the record of the Republican party as an advocate of protection for the farmer. He quoted at length from Republican platforms and campaign documents, arguments and definitions of the policy to show the abolishment of protection for farm products is a reversal of Republican policy. He said he was unwilling to concede that Taft in the crusade in which he is now engaged for free trade in agricultural products represents a majority of the Republican party.

MYSTERY STILL SURROUNDS
LARGE CARGO AMMUNITION

By Associated Press.
New Orleans, June 28.—The mystery surrounding 160 rifles and 10,500 rounds of ammunition destined for Nicaragua and held up at this port last week by Consul Juan J. Zavala was not lessened yesterday by the receipt of cablegrams from President Adolfo Diaz of Nicaragua and his minister of war, General Menzies. The chief executive urged his consul here to make a thorough investigation of the shipment. Central Americans here are greatly interested in the result of this investigation, many believing the arms were to have been used for revolutionary purposes in the near future. The shipment will be held.

By Associated Press.
Liverpool, June 28.—Work at the docks here is practically at a standstill. Four thousand additional dock hands joined the strikers today. The Cunard, Canadian Pacific Railway, Dominion, White Star, Elderman, and other lines are all equally affected.

There is no question of wages involved in this extension of the strike movement. The dockmen are fighting simply for the recognition of their union and the non-employment of non-unionists.

By Associated Press.
Chicago, Cal., June 28.—Helen Rumbel, 14 years old, beaten for neglecting a task, is dead in her home near Gridley. Mrs. Emma Rumbel, her stepmother, and Arthur Lewis, her stepbrother, were held yesterday by a coroner's jury to answer to the charge of murder and have been rushed to the county jail at Oroville for safety. The country side is half crazed with rage.

Lewis and Mrs. Rumbel reported that the girl had committed suicide. An inquest instituted immediately indicated that the girl's body was a mass of bruises and that her face, in death, remained black from the choking she had received.

The child's father died two months ago. After conferring with counsel, Mrs. Rumbel expressed the belief that the girl broke her own neck in frantic struggles to free herself from a two-by-four inch scantling to which she had been bound. She asserted that punishment was necessary because of what she termed Helen's stubbornness, but admitted that she had overestimated the endurance of the child.

When she became convinced that the girl was dead, she untied the ropes and summoned a physician who testified that she told him the case was one of suicide, and that she had cut the girl down.

Ball for Mrs. Rumbel and Lewis was refused by District Attorney Jones.

LEGISLATURE OF
GEORGIA MEETSMOST OF THE INTEREST IS CEN-

UNITED STATES SENATOR—TO
TAKE VOTE ON JULY 1.

By Associated Press.
Atlanta, June 28.—The Georgia legislature convened today in biennial session, perfected its organization and prepared for the inauguration of Governor-elect Hoke Smith next Saturday.

Both houses devoted most of the time to listening to the final message of Gov. Jos. M. Brown, who is retiring. While the general assembly is preparing to get down to business, the several candidates, receptive and otherwise, for the senatorial toga of the late Senator Clay are busy laying their hands on the contest anticipated when balloting for a senator on July 1 starts.

An important development in the senatorial race today was the announcement by Railroad Commissioner Murphy Candler of Dekalb that he will be a candidate only in the event that Hoke Smith declines to allow his name to be used. Smith continues his attitude of silence. Terrell said the situation looked rosy to him and Stevill and Judge Covington are equally optimistic as to their chances.

New York, June 28.—The age limit at which a man may obtain employment in any department of the Erie railroad is now thirty-five years. A strict order to that effect has been issued. A tall, well-represented, alert man called yesterday at the freight claim department and asked for a clerical position. He was informed that there were several vacancies, but when he gave his age as 36 he was told that strict orders had been issued not to employ any person older than 35 years.

Washington, June 28.—That Roosevelt had lost his "preference for large game," because of the failure of the government to prosecute the former heads of the American Sugar Refining Co. for wrecking the Real Estate Trust Co. of Philadelphia in the Pennsylvania Sugar Refining Co. deal in 1906, was asserted today before the house sugar investigating committee by George H. Earle, Jr., receiver for the trust company and Pennsylvania refinery acquired by the American company which was promptly closed.

Earle declared he made repeated efforts to induce the federal authorities to take up the case and also that considerable of his correspondence with Roosevelt regarding the case was not communicated to the senate when the resolution was passed calling for all the papers.

Earle submitted to the committee two letters which he said he wrote to Roosevelt. He said he gave all the details to Assistant Attorney General Purdy, who, when he heard them, said: "Well send them all to jail." He declared that Purdy asked how James M. Bock would do as special counsel in the case, and he replied all right.

Witness said this was before Bock became counsel for the American Sugar Co., and added: "You know after a man makes a success as a trust buster he doesn't continue to serve the people long."

The witness related the history of the Pennsylvania Sugar Refining Co. and how Adolph Segal borrowed money on his name from Gustave Bock, who was then president of the American Sugar Refining Co.

Boston, June 28.—A drop of 100 feet in a biplane on the edge of a bank of a treacherous quick sand, bordering a big muddy pool on the Dorchester marshes was the exciting experience today of aviator Eugene Heth, of Memphis, Tenn., on his flight as a graduated aviator, and Edward Fleet, a mechanic. The two men went aloft at the Harvard aviation school at Squantum in a biplane owned by Louis Mitchell, of Memphis.

The biplane was suddenly snatched. Then the machine shot down at a rate of 25 miles an hour. It sank into the quick sand, but Heth and Fleet were not injured and were able to escape.

Macon, Ga., June 28.—Announcement in the newspapers that four prominent planters of Pulaski county who were recently acquitted of peonage in the Paige Steamer case, had been invited to celebrate their acquittal on July 4th with a big barbecue and that an invitation had been extended to the twelve jurors to be the guests of honor, has provoked from Judge Emory Spear of the United States circuit court, a warning to the jurors not to attend.

The judge makes the point that it is against the law to tamper with the jurors in the box yet, they are still on the jury and may be called upon to try a similar case.

Several of the jurors announce that they will attend the barbecue despite the remarks of the judge.

The cost of sailing from Southampton and back is \$170,000 and the return from passenger fares will be \$325,000. During the steamer's stay here more than 12,000 persons paid fifty cents each to inspect her. The money went to the seamen's orphan fund.

By Associated Press.
Washington, June 28.—Edward Tilden, bank director, packing house magnate and corporation man generally, appeared before the senate Lorimer committee and testified he was in no way interested in raising funds to elect Lorimer. Attorneys for the committee asked Tilden almost every conceivable style of question that had anything to do with the raising of a fund to elect Lorimer either before or after election, and to each the witness emphatically declared he did not.

Witness testified that he kept no accurate books of his personal business but merely a loose-leaf memorandum of his receipts and disbursements and only checks instead of stubs. He said he was not proud of the system but it answered the purposes, namely, of keeping track of his money until it was banked. The committee did not ask him to produce his bank books for inspection.

When asked: "Don't you know that stockholders of the National Packing Company, which is under indictment for an alleged violation of the antitrust laws, have been asked to contribute to the raising of a fund to elect Lorimer?"

"No, sir," answered the witness. "I am not a stockholder of the National Packing Company."

When put Tilden's Democracy to question by asking him the name of the last candidate for president for whom he voted.

"Parker," replied the witness. "I voted for him in 1904."

Asked who before that, the witness said Cleveland.

"So you supported one Democratic candidate for president in nineteen years," snapped the Indiana senator.

THE FIRST WITNESS.
Rush Culver, a lumberman and lawyer of L'Anse, Mich., was the first witness before the committee.

When the Lorimer investigation was on before the Helm committee of the Illinois legislature, Shelly B. Jones, of Macquet, Mich., was reported to have stated that Culver was present on an occasion in 1909 when Edward Hines, millionaire lumberman, declared he had just succeeded in making a United States senator that cost a hundred thousand dollars.

Jones testified yesterday the conversation was in 1907 and was a matter of the campaign for the election of a senator to the house, probably "cost a barrel of money."

As soon as Mr. Culver was sworn, the committee executive session, after which Mr. Culver began his testimony.

"It seems to me Mr. Hines has said to me that he had been in the habit of helping the campaign of Lorimer," said Mr. Culver. "He certainly referred to congressional elections."

"My memory is that he said he would do it for the campaign of Lorimer, and would help him to raise campaign funds."

Senator Kenyon suggested a little political pleasantry with Mr. Culver.

"Yes," the witness added that he covered a tariff on lumber.

"What kind of a Democrat are you, a protection Democrat, or a free trader?"

"No, just a plain Democrat."

TRATES HAVE REFUSED TO ACT.

Upon the petition of Rev. B. Blitch, presented yesterday, Judge E. D. Beggs of the court of record, yesterday issued an alternative writ of mandamus directed to Judge R. L. Nichelsen, justice of the peace of this district, in which he is called upon to show cause on Saturday morning at 10 o'clock why he has refused to issue a warrant for the arrest of Jno. G. Oliver after an affidavit had been made by Mr. Blitch charging Mr. Oliver with violating the state laws by participating in a game of baseball last Sunday. The witnesses whom the minister says saw the party participating in the game are Jno. F. Stokes, Scott M. Loftin, J. F. Davis, C. P. Bobb, A. S. Kelly and Elliott McCloskey.

The issuance of the writ came as no surprise, as Mr. Morey attorney for the ministers, announced Monday that he would make application for a writ before the end of the week. It seems from the petition that application had previously been made to Judge Blinger for a warrant and that he also had refused.

Mr. Oliver will be represented in the proceedings by Kirke Monroe and Reeves & Watson.

The petition and order of the court are as follows:

The State of Florida, to R. L. Nichelsen, justice of the peace, Second district, Escambia county, Florida, greeting:

Whereas, on the 25th day of June, A. D. 1911 there was filed and presented to our court of record in and for Escambia county, Florida, a petition praying for a writ of mandamus, which petition is in words and figures following, to-wit:

The petition of B. Blitch, by his attorney, Manlius E. Morey, respectfully shows unto your honor that your petitioner was, on the 25th day of June, A. D. 1911, and still is, a citizen of the state of Florida, residing in the Second district of the county of Escambia, and as such citizen had the legal right, for the purpose of maintaining public order, to appear personally before the justice of the peace in and for said county and district and make a complaint upon his affidavit that an offense against the laws of the state of Florida had been committed within the district of said justice of the peace, and to demand that a warrant be issued for the arrest of the offender:

That your petitioner, on the 26th day of June, A. D. 1911, personally appeared before the said respondent, R. L. Nichelsen, justice of the peace in and for said Second district of Escambia county, state of Florida, and made and filed with said justice of the peace the following affidavit, to-wit:

Before the subscriber, a justice of the peace in and for said county, personally came R. Blitch, who, being duly sworn, says that the one John G. Oliver, on Sunday, the 25th day of June, A. D. 1911, in the county and district aforesaid did engage in a game of sport, to-wit: baseball, contrary to the statute in such case made and provided.

MEYER SEALS DOOM
OF PENSACOLA YARDInmate of Atlanta
Federal PrisonSends Order to Lay Off 150
of the Men Employed
There on July 1.

THIS WILL LEAVE ONLY ABOUT FORTY MEN AT THE YARD, AND THERE WILL BE A FURTHER REDUCTION ON AUGUST 1—MACHINERY NOT IN USE TO BE RETIRED PERMANENTLY, WHICH MEANS CLOSING OF THE YARD.

Secretary of the Navy Meyer has practically sealed the doom of the Pensacola navy yard, and if nothing is done to prevent the carrying out of his orders the yard will practically be closed and placed out of commission.

Orders received at the yard yesterday morning were to lay off on Saturday, July 1, 150 of the small force now employed at the yard, and to make a still further cut on August 1. Furthermore instructions were given that all machinery not in use after laying these men off is to be permanently retired. Inasmuch as when all of the men are dismissed from the service none of the machinery will be in use. It means the permanent retiring of all the machinery at the yard.

It has been known for some time that the secretary of the navy intended to make another move against the Pensacola navy yard at an early date, for he has reiterated lately his intention of closing down all of the southern navy yards, but the order of yesterday was so sweeping that it caused considerable surprise.

Since the activities of the yard have been curtailed about 150 men have been employed in all of the departments. The dismissing of 150 of these Saturday will leave just forty men on the navy yard pay rolls, and about half of these will go on the first of the following month, leaving merely a hand full of men employed there to care for the buildings and machinery.

SLUTHS ARE ON TRAIL
OF ALLEGED SWINDLERS

By Associated Press.
New York, June 28.—A letter to a jeweler's trade paper here from two men who boasted of having acquired \$10,000 during the past two months by the "pennyweight game," set detectives today on the trail of two swindlers who have been swindling jewelers in New York, Philadelphia, Pittsburgh and other large cities throughout the country. The description of the pair was given by William Koontz, a local jeweler, who was their victim a few days ago.

The "game" was worked on Mr. Koontz and others of the trade by a bareheaded man who entered their establishments, saying he had just run from a robbery of a jewelry store and wanted to look at diamond rings. While he was examining a trayful his companion came in and while he occupied the jeweler's attention with a broken watch, the bareheaded man substituted cheap rings for valuable ones from the jeweler's stock.

Chas. W. Morse Fails in His
Effort to Obtain His Release

By Associated Press.
Atlanta, Ga., June 28.—Charles W. Morse today failed in his effort to obtain his release from the federal penitentiary on a writ of habeas corpus.

Without passing upon the validity of that portion of Morse's fifteen years beyond ten years, District Judge Newman denied the petition for a writ, declaring that ten years of the sentence unquestionable was good and as Morse had no right now to enter further into the matter.

Morse's attorneys filed notice of an appeal to the circuit court of appeals of the fifth circuit.

Judge Newman said that he had no doubt of the legality of Morse's confinement in the Atlanta prison, although it had been erected for "hard labor" convicts. He said Morse might be able to obtain a transfer to another prison by application to the attorney general, but thought conditions here found in a prison elsewhere. He did not suppose there was a prison anywhere where the prisoner did not have some work to do, and thought that it would be bad for them if such was the case.

In closing his argument in behalf of Morse, Attorney Arnold said he wanted the court to determine the exact status of Morse. He contended that as fifteen years imprisonment when ten years was the maximum on one count, numerous authorities in support of his contention legally in gross, admitting on by the supreme court.
